Seaville Manufacturing Company—1917 earnings equal to \$184.69 a share compared with \$268.56 a share earned year before.

The enrollment by affidavit provision does not meet with the desires of the

## WOMEN OPPOSE TERMS OF VOTE ENROLMENT BILL

Measure introduced at Albany Sets May 17-18 for Listing Here.

ALBANY, N. Y., Feb. 14.—The bill is based upon by legislative leaders to provide for the enrollment of women voters and to make the election machinery conform to the requirements incident to the recent enfranchisement of women who introduced in the Legislature to-day by the Senate Judiciary Committee and Majority Leader Adler of the Assembly.

The measure would provide for personal enrollment of women in New York, Buffalo and Rochester on May 17 and 18, elsewhere in the State enrollment would be by affidavit between May 15 and June 10.

The enrollment by affidavit provision does not meet with the desires of the

leaders of the State Woman Suffrage Party. Mrs. Helen M. Leavitt, Executive Secretary of the party, said today: "The women are determined, she declared, to continue their fight to bring about a personal enrollment throughout the State in all municipalities of more than 5,000 population."

Mr. Adler said the bill was not necessarily in final form, but intimated that a provision for a virtual State-wide personal enrollment would not be acceptable to the Legislative leaders.

Mrs. Leavitt characterized the bill in its present form as "unwise" and as providing "a vehicle for the exploitation of women."

"By that I mean," she continued, "that the plan is undemocratic and un-American. It would simply mean that the larger political parties

## RHEUMATISM CONQUERED

At Home in Your Own Bathtub With Sulfaid. Quit Dangerous Drugs.

You've fooled long enough with drugs that upset your whole system. You've been taking them—sulfaid, salicylic acid, after giving temporary relief. Why not try nature's own way—water? Nature can clean, purify and get rid of wastes, cure them, but now science has resolved the secret of making the discovery called it sulfaid, a few ounces of sulfid in a tub of hot water gives you a bath for rheumatism, circulation, rheumatism, arthritis, &c. Take away all dangerous drugs and sulfaid. You'll be able to do for yourself. And doctor has sulfid or will tell you for you—Adler.

increase the price of wheat this year from \$2 as fixed in the Food Control Law to \$2.75 a bushel was introduced in the Senate to-day by Senator McCumber. Another proposal would be in position to exercise a potent coercion. Thus the real value of the enrollment would be lost."

Mrs. Leavitt pointed out that the members of the Suffrage Party were not particularly anxious to control this vote, and that this attitude was evidenced by a resolution recently adopted by the Executive Board, stating that "recognizing the need of saving money at this time, we are willing to waive our request for special enrollment days."

\$2.75 PRICE FOR WHEAT IS ASKED OF CONGRESS

WASHINGTON, Feb. 12.—Legislation

to increase the price of wheat this year from \$2 as fixed in the Food Control Law to \$2.75 a bushel was introduced in the Senate to-day by Senator McCumber. Another proposal would put the price at \$2.50.

Senator McCumber said the price of materials and labor had become so high that something must be done to increase the profits of the farmers and induce them to increase production.

Creation of a Federal Grain Standardization Board, with one representative from each state that produces more than 100,000,000 bushels of grain, and modification of present grain standards was urged on President Wilson and Secretary Houston to-day by Representative Anderson of Minnesota and a delegation from Minnesota and North and South Dakota. About thirty States are affected.

## NERVOUS PROSTRATION

May be Overcome by Lydia E. Pinkham's Vegetable Compound — This Letter Proves It.

"During the thirty years I have been married, I have been in bad health and had several attacks of nervous prostration, until it seemed as if the organs in my whole body were worn out. I was finally persuaded to try Lydia E. Pinkham's Vegetable Compound and it made a well woman of me. I can now to all my housework and help all suffering women to try Lydia E. Pinkham's Vegetable Compound and I will guarantee they will derive a great benefit from it"—Mrs. Frank Fitzgerald, 25 N. 41st Street, West Philadelphia, Pa.

There are thousands of women everywhere in Mrs. Fitzgerald's condition, suffering from nervousness, backache, headaches and other symptoms of a functional derangement.

It was a grateful spirit for health restored which led her to write this letter so that other women may benefit from her experience and find health as she has done.

For suggestions in regard to your condition write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years' experience is at your service.—Advt.

Presbyterians to Spend \$11,000,000 in Two Years.

ATLANTIC CITY, N. J., Feb. 13.—Executive Committee of the Presbyterian General Assembly in session here declares that the war will not cause the abandonment of the work in foreign missions. The total budget to be expended under the direction of the ten boards and permanent agencies next year will be between \$9,000,000 and \$13,000,000. This year the budget amounted to \$5,000,000.
